A POOR PROSPECT
OF TRANSPORTATIONHAWAII RIFLE TEAM WILL IN
ALL LIKELIHOOD BE UNABLE
TO SECURE ROOM ON VESSELS.

If the shooting team that is to try off honors at the National rifle contest at Seagirt, expects to get away to San Francisco by the Naval transport Solace the members are certain to be disappointed. Advice from Manila received by the S. S. Siberia is to the effect that the Solace is crowded with through passengers and that numerous people who had expected to secure transportation by the Solace, were unable to do so. Inasmuch as practically all of the passengers are through travellers, there is little prospect of the Honolulu team securing accommodations.

However the naval transport Lawton is likely to arrive here about next Wednesday, with the Solace and the accommodations may be secured aboard the Lawton. It is doubtful however, if anybody will be able to get away by the Lawton for the probabilities that she too is crowded with through passengers. The prospects now seem to be that the team will have to leave on the S. S. Alameda sailing from Honolulu for San Francisco, a week from Wednesday.

LAST DAY FOR
INCOME TAXRETURNS THIS YEAR WILL BE
CONSIDERABLY IN EXCESS OF
LAST YEAR'S FIGURES.

This was the last day for the registration of returns for income taxes with the tax collector but contrary to expectation there was no unusual rush, a fact which would seem to indicate that all the people who intended to make return had done so in good time.

"There were a few who came down early this morning but there was nothing out of the ordinary," said Deputy Assessor Charles T. Wilder this morning. "Until they are all in of course we cannot make a comparison with last year but the amount will be considerably larger I know. About three thousand have registered so far."

GAVE TIP TO
HENRY MEN

(Continued from page one.)

mers of the force to desert. Brown. The senior captain evidently wanted to have the Henry men show as the reliable steady members of the force when the supposed riot drill came off. Naturally if all of the Henry men were on hand and some of the Brown men were absent, there would be favorable comment about the Henry men and criticism of the Brown faction.

The action of Parker caused a great deal of criticism among the force. It was the first instance of any such work and the men who had supported Brown were very vigorous in their comments upon the attempts of Parker and Lualaba to throw down the force to the benefit of a few men who happened to be in their particular favor.

LAND OPENINGS
AWAIT SURVEYSNO MORE TRACTS WILL BE
OFFERED FOR AT LEAST SIX
WEEKS.

None of the contemplated land openings will be made for at least six weeks, excepting that of Pololo, which is already being advertised. Land Commissioner Pratt said this morning that at least six weeks would be required to complete the necessary surveys before the lands can be offered. The work on these surveys is being carried on now.

Pratt will probably go to Seagirt as a member of the National Guard rifle team. Sub-agent Lyons will be in charge of the office during Pratt's absence and an outside agent will come to assist in the Pololo openings.

NEW ATTACHMENT FORM.

High Sheriff Henry was at work this morning on the first writ of attachment under the new law of the last legislature. It is for \$814.93 and was secured by the Von Hamm-Young Company against Wing Sing Loy. The new law adds greatly to the sheriff's work in the matter by requiring a full list of all articles attached, in the return.

SUPERVISORS TO MEET SHERIFF.

A NOVEL PLAN
TO KEEP LABORERSA JAPANESE CONTEMPORARY
SAYS GAMBLING IS PUBLICLY
ALLOWED TWO DAYS A WEEK.

A recent issue of a local Japanese contemporary has the following regarding novel plan it says has been adopted by the manager of the Kipahulu plantation in his zeal to detain the laborers on the plantation:

"The Kipahulu Plantation is an insignificant plantation of Maui, situated in an out-of-way place, its ground is covered with stones. And it is very difficult to have its laborers settled there. Whether true or not, it is reported that its manager has devised a novel plan to retain the laborers. Gambling is publicly allowed two days in a week, Saturday and Sunday; and a room is specially provided for the gamblers. There are one hundred and twenty Japanese laborers on the plantation. Of this number only twenty do not gamble. Even women and children are infected with the gambling habit. The pure water and absence of mosquitoes are additional advantages of the plantation."

SCUNDAY BASEBALL.

The Puunui Baseball team defeated the Moanalua team in a game of baseball at the Moanalua polo ground yesterday. Score 10 to 4. The runs by innings were as follows:

	1	2	3	4	5	6	7	8	9
